

Miracles by the Bundle!

Sister Maureen of Timonium became very ill with chills and fever and went to the E.R. in October. She was hospitalized with a UTI infection and a second infection that they did numerous tests to try to identify. After the second day, her daughter recognized Sister Maureen was being overwhelmed with the continuous flow of negative reports, so she called Pastor Paul and Marcia and they prayed for her with the phone pressed to her ear. They spoke words of Calvary's Victory with Kingdom Authority and Life, and reminded her that by His Stripes we are already healed – that healing is not just a promise, but also a fact!

As they prayed, she could sense the Lord's arms being placed under her to uphold her and shouting to the enemy, "No more!" Everything changed from that point on.

A day or so later, the Infectious Disease doctor came to report they had identified the infection as sepsis, a serious blood infection, which had

already caused an abscess in her liver and would have continued damaging other organs if they had not caught it in time. After 11 days in the hospital, she was sent home. The Lord healed her!

On January 17, 2016, Pastor Paul gave a Word of Knowledge for healing of heart palpitations (Sister Maureen had been experiencing them for a couple of weeks) and she received it and within the hour, they were gone! Praise the Lord!

A final CT scan now reveals that she is completely healed! The Lord has sent His Word and restored her to health and healed her of ALL her wounds.

As it is written in 2 Kings 4 and spoken by the woman in Shunem – "It is well!"

Magnify the Majestic Name above all names - Yeshua!

Emotions

Sister Eleanor visited Baltimore Christian Faith Center this month; she heard the guest speaker teaching on how to feel our emotions through the Spirit of God and she testifies, "Something happened to me."

There was pain and anger inside of her she did not know was there. The Lord brought more to the surface at home and told her what to do.

She followed His instructions and was so surprised with all this.

She states that we have to remind ourselves that when we are coming here, we need to yield to the Spirit. God is always working in us to change us! She is really grateful and thankful for all the teaching she is getting at Baltimore Christian Faith Center.

Bronchitis

Sister Deborah testifies that on January 1, 2016 she became ill with chronic bronchitis, an upper/lower respiratory condition. God is greater than any illness!

With prayer and homeopathic remedies, Jesus healed her. Jesus was and is her antibiotic! She needed no hospitalization, just Jesus, Jesus and more Jesus! Jesus is her healer and He is her everything!

Thank you, Jesus!

Heart's Desire

Sister Susan of Owings Mills testifies, "God gave me the desire of my heart."

She had wanted to buy something since before Christmas and she was waiting for the price to come down. Finally, the price came down by 40% and the next day she got extra hours at work to pay for the item!

She thanks God for giving her the desire of her heart! Hallelujah!

Perfume

Sister Debra of Baltimore attended BCFC on a Sunday evening. She says the presence of God was so strong and so awesome that His presence smelled like sweet perfume. She just kept worshipping Him and hoping that the scent she had also begun to smell on herself would not go away. It was an awesome spiritual experience felt also by several others in attendance that night!

Thank you, Jesus!
