New Birth / Healing

Brother David from Lutherville testifies that one day he went work on his usual routine, and as he was starting his day, the Lord told him to go talk to his boss. He was a little unsure of why he should do this, but he obeyed the voice of the Lord and walked into his boss's office and asked her how she was doing. She told him that she wasn't doing so well, her son was in the hospital and had a very high fever and the doctors couldn't figure out what was causing this fever. Brother David asked her if she has accepted Jesus as her personal Savior and she said no, he asked if she was interested in receiving Christ, who also is the ultimate healer and could heal her son. She said "YES"! So, she asked Jesus into her heart and to be King of her life, and then she and Brother David prayed a prayer in agreement of healing over her son in Jesus' name. The next day she came into the office full of joy, for her son was totally healed! Brother David asked her when he was healed and she said it was the very minute she accepted Jesus as her Savior! Praise be to God who used he and saved a lost soul AND performed healing in the same minute!! His power and love are limitless to all!!

Sore Throat Healed

Sister Jenny from Woodbine testifies that she was attacked by a respiratory issue recently and it had her laid up for over a week. Prior to and during this attack Sister Jenny has been bombarding heaven with prayer and thanksgiving for her beloved pastor's healing and restoration. The attack on her body caused her to have drainage into her throat that was not only causing a very sore throat but also caused her to cough especially at night when she was trying to sleep! One night in the middle of this battle, Sister Jenny realized she had not prayed for herself! So, she said a short prayer asking the Lord to take away this sore throat in the name of Jesus. The next morning, she awoke with absolutely no pain whatsoever in her throat! Sister Jenny is praising God for His healing and restoration power and also for reminding her that she needs to ask for healing over herself as well as others!

Persistence Pays Off

Brother Donald from Windsor Mill owns a property in South Carolina that needed help with the pond that was on the property. The government had promised to help all those who needed help after all the flooding. Brother Donald asked for help 3 times and was turned down every time, but that didn't stop him from being persistent and continuing to ask! He also went before the Lord with praise and thanksgiving, proclaiming it to be done. A few weeks later Brother Donald got a call and the government said they would give him \$30,000 for his pond project! Praise God for coming through on behalf of His children!!

Supernatural Healing

Sister Rose, from Pennsylvania, attended a service at BCFC. She had been dealing with pain in her lower back for a few weeks, and it felt strange because she had never dealt with lower back pain before. As she walked into the church doors, she felt the Lord telling her, "Today you will be healed!" Sister Rose was excited and said, "Thank you, I accept it, Lord!" when the call came for anyone that needed prayer to stand Sister Rose didn't feel the need to stand so she just bowed her head in prayer and she felt the presence of God come down, surrounding her, touching her lower back and the pain totally left!! Hallelujah to our God who knows every detail of our lives and wants the best for us!!

Body Pain Gone

A Sister from Baltimore attended a service at BCFC on a Sunday morning. She had been battling with severe pain in her body for some time and when the call came to stand and receive healing she stood for prayer. After being anointed and prayed for, the pain started to leave her body and by the end of the service she was pain free! Praise be to God who is still in the healing business!!
