

Love in Action

Sister Marcia from Owings Mills had a few trees that fell from severe storms in her back yard. She didn't know how she would be able to get them moved and get her yard cleaned up. So she went to the Lord in prayer and asked what she should do. A brother from church stopped by to do some work in her house and when he saw the trees that had fallen he asked her what she was going to do about them. Sister Marcia said she didn't know, but they need to be moved! So this kind brother told her that he would bring a few guys, and together they would remove all the trees that had fallen! Praise God for faithful laborers!

Finding Forgiveness

Sister Maureen from Timonium shares her testimony, about 9 months ago, she "took Satan's bait" to take offense at something that happened, and she found herself in a situation that defied resolution. Her flesh immediately panicked because she knew she couldn't hold onto unforgiveness, anger, anxiety, bitterness, pride, and everything in between, but she was helpless to change the situation. Praying about it was something she just didn't want to do; she wanted to hang onto the offense. After some time went by, she finally realized that she just needed to get honest with God, acknowledge and confess her sin, and repent. Sister Maureen's heart needed changed and He was the only One that could do that. Even though praying with her understanding was good, the Holy Spirit reminded her to begin praying in tongues as well. She began using her prayer language at every spare moment, all through the day, even while she was driving, whenever she felt the Holy Spirit prompt her. It didn't happen overnight, but one day, after several weeks went by, she was struck with the realization that the offense in her heart was completely gone. But the most amazing part of all of this is that the original situation that caused her to take offense had not changed, it still existed. Glory to God, He faithfully changed her heart and freed her to "go on in life with the consequences of somebody else's mistakes" with no unforgiveness in her heart. Sister Maureen believes praying in tongues was a significant factor in bringing this about. Praise be to God who in His lovingkindness helps us when we cry out to Him with ALL of our hearts! Along with finding freedom and forgiveness at the very same time, with the healing in her heart, her lower GI track, which involved bleeding for 6 months, it had also left her weak and with very little energy, was finally and completely healed. A coincidence? Absolutely not! Receiving her healing was one thing; maintaining is another! Every praise is to our God!

Legs Restored

A Sister from Royal fell a year ago and hurt her legs very badly and was no longer able to walk. She attended services at BCFC and received prayer on a few occasions. At Tuesday service on April 30th this sister testifies that she now can walk for 30 minutes at a time! Her legs have regained their strength and she is believing in faith that she will soon be able to walk for as long as she wishes with no pain! She is praising The Lord for His Divine healing power!

Paycheck Restored

Sister Angela from Ellicott city attended the ladies prayer meeting at BCFC one Saturday morning and asked if the ladies could all join her in praying about her situation. The federal government had a partial shutdown and lots of people were no longer getting their paychecks, and were ordered to work without pay. She also, was effected by this situation. So the ladies prayed for the shutdown to end and the paychecks to be loosed to whom they belonged to in Jesus' name. A short while later President Donald Trump signed a legislation to end this record long government shutdown in USA history, resolving the grueling 35 day shutdown. Employees not only received back pay, but also received a pay raise retro back to January 1st, 2019 which was when the shutdown began! Hallelujah for the double blessing from Jehovah Jireh!!
