Baltimore Christian Faith Center Miracle Report August 2018

A Place Where Miracles Still Happen

www.BCFC.org

Prostate Cancer GONE!

On the first week of August 2018 Brother Paul from Owings Mills had a visit to the Urologist. After being examined, a blood sample was taken and lab work was done, which resulted in an early phone call at the beginning of the week by the Urologist with the bad news, "Your PSA level is exceptionally high," said the doctor, "It's cancer level! I am sorry to be the bearer of bad news, we need to do a biopsy immediately and start discussing procedure." Brother Paul laughed at the report much to the doctor's dismay. Brother Paul had been reciting Job 33:25 which states that "we are the very picture of health" and agreeing with God in what He says in His Word! On that very same evening Brother Paul presented his case to his Lord and the answer that came from above said, "Fear not", much to the rejoicing of Brother Paul! He decided that he would not even pray about it, because his Lord had already spoken and he decided to agree with God. The biopsy was performed and a week later the results came in: The doctor looked at Brother Paul, and without knowing how to explain it he said, "I don't know what

happened but the cancer is no longer there!! Much to the delight of our Brother, the Name of the Lord is once again to be praised and honored!! God is good for the money; He will always do what He said He would! There's nothing like trusting Him wholeheartedly! Brother Paul blesses the name of our Great God for again coming through with His promises. Halleluiah!!!

Plantar Fasciitis Healed!

Sister Margarite from Baltimore has been attending Baltimore Christian Faith Center since January and prior to attending she was diagnosed with multiple problems in her feet. She had arthritis, heel spurs, and plantar fasciitis. For two years Sister Margarite was incapacitated and for three months she was not able to walk and was in constant pain. While attending Baltimore Christian Faith Center she has been submerging herself in the atmosphere of the healing power of Jesus and she has also been claiming the healing scriptures over herself and trusting in the Lord for her healing to take place. Since Sister Margarite attended Baltimore Christian Faith Center she has not been incapacitated! When she went for a doctor's appointment, the doctors were in complete disbelief! They told her that the plantar fasciitis was GONE with NO medication or physical therapy needed!! Glory to God! Sister Margarite is praising the Lord for His healing power and Grace over her life!

Divine Protection!

One morning Sister Kristine received a phone call from her son, his car had broken down and he needed help to get it fixed. The car had broken down in the inner city, and as they drove Sister Kristine prayed that the Lord would send warrior Angels to keep them safe. When they got to the car there was a drug dealer hanging close by and he asked if they need any help. They assured him they were fine, they just needed to fix the car. As they started to get the tools out to fix the problem with the car, the drug dealer sat and watched them, asking questions and seemed very interested in what they were doing. As people walked by and stopped to see what was going on, this young man would stand by their side. He was protecting them! When they got the car fixed and drove away, Sister Kristine and her son realized the Lord had sent the young man to be their protection! What started out as a discouraging day ended up being a blessed day indeed!!

Child-like Faith

Little Ezraella, who is six years old, was excited about having a cookout with her parents. A few hours into the day it started to pour down rain, and as Ezraella drove with her dad to get charcoal, she asked him what they would do if it kept raining and they weren't able to have a fun family cookout?! Her dad said "Pray." So Ezraella prayed and asked God to stop the rain so they could enjoy grilling some good food! By the time they arrived home the rain had completely stopped! Her parents were able to grill and they enjoy a delicious meal! When they had it all cleaned up and the whole family was back inside, it started to rain again! Thank God for answered prayers!

Chronic diseases HEALED!

A sister from Baltimore had been diagnosed with 29 different chronic diseases. In desperation she Googled "healing" on the internet and by divine intervention she found the BCFC website. She started listening to the podcasts and covering herself with the verses that Pastor shared with the congregation from Job 33:23-25. After doing this for a few weeks she had an appointment, and when the doctors got the test results, to the their great surprise the diseases went down to 9, so this Sister kept claiming the verses and believing for her healing. At her last doctor visit, she had only one disease left and she is praising the Lord for complete and total healing throughout her body in Jesus' name!! All we have to do is stand on The Word of God and believe it never fails!

ALL services are MIRACLE services!
