

# The Establishing Witness!

## Monthly Newsletter

### October 2018

We all have been there at one point in our lives or another, standing at the crossroads, the valley of decision! Maybe we were perched precariously between victory and defeat, Faith and doubt. On one side is the word of the world authored by the devil and some unbelievers saying to us, "You will not get healed!" On the other hand, there is God's Word saying, "All of His Promises are yes and amen! By His stripes, you are healed!" Who then, will determine the outcome in these situations? We will, because we are the establishing witness!!!

We read: "...in the mouth of two or three witnesses every word may be established." Matthew 18:16. Sometimes people will be in the prayer line, and we declare what the Word says, and they will argue with us! We will keep quoting the Scriptures, and they will continue to interrupt saying, "But, I still have this pain!" They do not realize that they've allowed physical symptoms to become their evidence, that is what they believe! No matter what the Word says, they believe the thing they can see and feel.

Sometimes we have to tell them bluntly, "I will not agree with you, despite of the pain you are feeling, because God's Word says that by His stripes you are healed!" Suddenly some will wake up, and they will start to agree with the Word of God, and all we have to do is lay hands on them and they will be healed, sometimes instantly!

When we finally decide to agree with the Word of God, then God can work on our behalf fulfilling His Word! We can have our miracle and our healing any time when we decide to become the "Establishing witness!" I am going to challenge each one of us reading this note that from today on, to start to pray and establish our witness. Let's do our part and watch God backing us up in those prayers. We know that when God backs us up, everything else either has to get in line with God's wishes or get out of the way! Remember "We are the establishing Witness"! Are we ready to establish God's desire and plan for our lives today??
