

In the Dark Places

Pastor's Desk – March 3, 2019

The Bible tells us about great men and women of God, that experienced their hardest times, and were shaped during that time, for their best. The dark place was a prerequisite for their stepping into the fullness of their destiny.

Throughout the Scriptures, every person who did something great went through one of these dark places.

Moses made a mistake and killed an Egyptian man. He spent forty lonely years in the desert, he didn't know that he was being prepared, he was developing patience, humility, and trust.

Esther lost both her parents, and was living in a foreign country, yet God used her to help save the people of Israel.

In dark times, we pray more, we get closer to God, and learn to develop skills to hear from God and walk by faith! May God continue to mold us all into His likeness through hard times like these.

God bless you.
