

Celebrating God for Supernatural Strength!

Pastor's Desk – August 21, 2016

There are days in our lives when we feel so discouraged and overwhelmed with difficulties or worries that it feels and seems like that all hope is gone. Many of us will feel so fragile; in moments such as these, our Heavenly Father reminds us the true source of our strength. We read in Psalm 28:7-8 "You are my strong shield, and I trust you completely. You have helped me, and I will celebrate and thank you in song. You give strength to your people, LORD, and you save and protect your chosen ones." It is so encouraging to know that our deepest strength both physical and in character comes from above, not from eating, exercising and sleeping! Although there is nothing wrong in doing these things, our deep strength comes from trusting in our God.

When we release our weaknesses, worries and deficiencies to Him, we will find relief and He will fill our souls and hearts with overwhelming joy that in turn will lead us into worship! All the strength necessary to conquer our daily battles can and will be found in Him! We will develop a firm and solid inner core when we learn to put our faith in God. As we do so, we will become unbreakable, unstoppable, and unshakable in our

journey though life.

May the Lord grant us the ability to believe, to love and praise Him more as we tap into His supernatural strength! There is a reason to celebrate hard times and it is not the hard times in itself, but the supernatural strength made available to all who believe!

In His service,
Pr. Paul
