

I Think Big Because I Serve a Big God!

Pastor's Desk – October 29, 2017

When talking about our wonderful God, we cannot have that kind of small, narrow, limited vision. He is a big God, and the only thing that limits the size of our blessings is our faith! We read in Matthew 9:29: "Then He touched their eyes, saying: 'According to your faith be it done to you.'"

Many of us act as if we are inconveniencing our God. Some of us will never expect that our dreams will ever come to pass. In many instances, we will be glad to just barely get through life, and that is good enough. Today I am challenging each one of us to dare to believe on all the dreams and promises our God has for each one of us! If we have the "small one-time miracle mentality and faith," it will be done according to our faith. If we have the barely-getting-by faith, that's what will come our way! If we think that the problems we have are too big, and that maybe one day God might resolve it, that's what will continue to happen, and we will continue to live a defeated life!

Let's learn to believe big, overflowing, hundred-percent pressed down and shaken over; let's believe that we are blessed far above and beyond what we can think or ask, and I am sure that the Lord's answer will be the same: "According to your faith be it done to you."

In His Service
