There are millions of people out there hurting for so many reasons, simply for the fact that they can't be heard. This is an epidemic affecting our generation. In many instances, we are in a group setting and there is inevitably someone there who will never let us finish a statement. Sadly enough, many of us will turn in and seclude ourselves from the world around us, living a sad and depressed life, transferring that feeling of loneliness into our relationship with God.

I want to let you know that your God will never interrupt you while you're talking, and He is always ready to answer all prayers and any questions you might have. Here is the proof, Jeremiah 33:3: "Call to me and I will answer you. I'll tell you marvelous and wondrous things that you could never figure out on your own." Any prayer needs, any questions, anything at all that you can't figure out on your own? He's always ready to listen and give good advice! We read in Isaiah 58:9: "Then when you pray, GOD will answer. You'll call out for help and I'll say, 'here I am.'" He promises never to be silent. He is always there, always listening! Now, here is the icing on the cake, Isaiah 65:24: "I will answer them before they even call to Me. While they are still talking about their needs, I will go ahead and answer their prayers!" If this is not enough to convince you and me, what is?

Bottom line--we have someone very special, loving, tender, kind, willing to listen to us twenty-four hours a day. Too bad we don't take advantage of it. Go ahead, start talking; pour out your heart, someone special is listening to you!

In His service,

Pastor Paul Santos
