

Spend Time Bragging About Him (GOD)!

Pastor's Desk – December 3, 2017

For many of us, when confronted with a problem or difficult situation, the first thing we do is to call on a friend or spouse. Nothing wrong with that! Many times, I wonder if we'd get the same result as King Jehoshaphat did! When this king had a problem, he would go to the Lord. And the beauty about this king's life was that he didn't just go to the Lord to talk about his problems. He went to God to brag about God, how good He is, how mighty, powerful and awesome He is, blessing Him for what He did in the past and how able He is to take care of all the stuff going on right now in our lives because of His greatness. Whatever is going on right now is nothing compared to His majesty!

Read these wonderful statements:

2 Chronicles 20:5-6,8-10,15: "Jehoshaphat was in the new courtyard of the LORD'S Temple. He stood up in the meeting of the people from Judah and Jerusalem and said, 'LORD God of our ancestors, You are the God in heaven. You rule over all the kingdoms in all the nations. You have power and strength. No one can stand against You. You are our God...Our ancestors lived in this land and built a temple to honor You. They believed

that whenever this land is struck by war or disease or famine, Your people can pray to You at the temple, and You will hear their prayer and save them...This is what the LORD says to you: Don't be frightened or terrified by this large crowd. The battle isn't yours. It's God's.'"

What a wonderful attitude! Instead of coming to Him only when problems hit hard, let's develop the habit of bragging about Him every time we get in His presence. Let's make Him not only our problem solver, but also our friend and our everything! Let's brag about Him while talking to Him, it will move His heart and He will take over the fight and fight for us!

In His service, your fellow servant,
Pastor Paul Santos
