### **Concussion Healed**

Sister Janet from Winsor Mill was suffering from a mild concussion and after an ear infection the doctor recommended an MRI. The pain intensified greatly and she was in severe pain from December 14<sup>th</sup>-January 19<sup>th</sup>. Sister Janet couldn't even join in her usual dancing during worship service because the music made her headache so much worse. On January 19<sup>th</sup> during praise and worship she felt the Spirit leading her to join in the dancing so she did and the pain completely left! She was able to sing and dance as usual FREE from pain! She is praising the Lord for His glorious, healing touch on her life! All Glory and Honor belongs to our King Jesus!

## Peace from Heaven

Sister Bonnie from FL shares how the Holy Spirit has been teaching her about peace. She was looking for peace by having all the circumstances in her family worked out. But Jesus is the Prince of Peace, and peace comes from the Kingdom within us. Sister Bonnie was anxious about a dental problem. There were three dentists she thought could help. One lost his office in a hurricane and the other two retired! Her husband suggested another dentist, he was very specialized and she didn't think he would just pull her tooth, she was fearful because it had broken off below the gum line and she didn't know how it could be pulled. The dentist agreed to see her and in 2 days she had an appointment. He did x-rays and to her great surprise he pulled the tooth in less than one minute! And then came the next surprise, he pulled it free of charge!! Sister Bonnie says the Lord was showing her that the kingdom within her is righteousness, peace, and joy, even in different circumstances He is the source of her peace when she seeks first His kingdom and puts her trust in Him. Praise the Lord for always looking out for His children, and has the very best in mind for us!

## Miraculous Healing

Brother Gregory from Baltimore was driving on the highway when he was hit by a truck, at the moment he was hit, he was praising and worshipping the Lord and when he got out of his car after the accident he had no pain! On Saturday morning he woke up with pain from his neck all the way down his spine. He and his wife prayed for healing, by Saturday evening his eyesight was impaired as well. He got up Sunday morning, and as usual got dressed and ready to go to church. On his way to church the Lord started to heal him! During all the pain the Holy Spirit was a comfort and friend to Brother Gregory and was always by his side! Praise be to God our father!

## Influenza Healed

Sister Cheryl from Cockeysville was suffering from influenza and it was starting to attack her lungs with a very painful cough. She called a fellow believer who is an intercessor and gave her instructions to deeply inhale and believe in faith for her healing, she did this numerous times and she felt the pain leave her throat and the coughing stopped. She was able to sleep through the night without coughing for the first time in a long while! The next day she still had a fever of 102° so she called her friend and they prayed again and asked in the name of Jesus for the fever to be burned out of her body. Sure enough the fever left and she was able to go back to work! Thank you Jesus!!
