March, 2016

Tumor

Sister Mia from Frederick had been diagnosed with a tumor in her intestine by her doctor. The prognosis was not good – she was told she had cancer. She heard about miracles at BCFC and she decided to attend one of our healing services. A Word of Knowledge came from the Lord through Pastor Paul that the Lord Jesus Christ was about to heal several people with internal tumors in their intestines. Sister Mia declares that she was the first one to stand up. She was anointed and prayed for; she immediately felt the heat going through her body and the pain in her intestine started to dissipate. By the time she said AMEN, all the pain, all the inconvenience and the swollen belly was completely gone. She reports that she went back to see her doctor and they couldn't find any tumor in her intestine! She praises the wonderful name of Jesus who is still doing miracles today!

Baby's Heart Condition

Sister Addy testifies that she cares for a 4-month old baby boy who was born with heart problems and needed surgery when 13 days old. He had been doing well, but 2 months ago went into cardiac arrest and organs began to fail. He had surgery for valve replacement and pacemaker. Baby is now back home and doing well, smiling, laughing and cooing! Thank You, Jesus!

Inflammation

Sister Mandy from Virginia came to BCFC. She had a swollen foot and inflammation in her right knee. Having taken several pain killers, she started feeling drowsy but the pain persisted. She heard from a friend that the Lord still heals and that she could be prayed for at BCFC, so she traveled from Northern Virginia to attend a service at BCFC. The first Word of Knowledge was that the Lord was going to heal a broken foot and inflammation in the knees. Sister Mandy had been told by her doctor that she had to learn to live with the pain for the rest of her life. She decided to ignore the doctor's advice and stood up for prayer. The pastor and his wife prayed for her and while praying, she felt immediately something happening to her body. By the time that the service was over the swollen foot had become normal, the pain in the knee joint disappeared and she was back on track to leading a normal life totally healed! Her doctor confirmed there is no longer inflammation in her knee joint and the problem with her foot is completely gone. Now she is not only walking perfectly, she is even jogging! She praises the name of the Lord Jesus Christ for her healing!

Ankle Healed

Sister Bobbie of Silver Spring was walking from her car to her front door with several bags of food in her hands. As she approached the front door, she twisted her ankle badly and fell down. Even though she was in a lot of pain, she confessed that she is healed in the Name of Jesus! Brother David helped her up and she put ice on the ankle for only 20 minutes because they had to leave for the evening service at BCFC. On the way, Brother David laid hands on the ankle and declared that it was whole. Several women at the service also laid hands on it and ministered to her. She continued to declare her wholeness according to Job 22:28! The pain seemed worse as she limped to the car, went home and went to bed. Around 2 a.m. she woke up, moved her foot around and noticed that all pain was gone! At the next service she danced as she worshipped and thanked the Lord! Hallelujah!

Dentist & Public Speaking

Sister Nancy of Owings Mills once said that she would rather go to the Dentist than do public speaking! Recently she needed to go to the Dentist for an extensive dental procedure. She called BCFC for agreement in prayer. The Lord was with her and all went well! AND she gave her testimony in front of the church on Sunday morning! Praise God! Thank You, Lord! He was with her at the Dentist and He was with her as she gave her testimony – He is with her always!

Job

Sister Deborah shares testimony of the Lord providing a job for her great-niece, Crissy, who is 18 and desired to go back to college and work in a health-care environment. Sister Deborah agreed in prayer with her sister for God to open a door for work only He approves of. Crissy applied on line and did go to many interviews but she became discouraged. Sister Deborah and her sister held fast to God's promises on Crissy's behalf. More than a week ago, Pastor Paul Santos was used by God to give a Word of Knowledge that "in seven days, God will give those who desire what they ask for." Deborah and her sister switched from asking God to thanking Him for Crissy's open door. On day five, Crissy was called in for an interview near where she lives, then a second interview with a request for blood screening, drug test & ID's. God prevailed over hindrances to obtain all vital information requested! Crissy has been working now for over a week! Glory to God!

ALL services are MIRACLE services!
