

Clogged Artery, Cartilage, Lump, Tumors, Spine, Spine/Leg

May, 2016

Clogged Artery

Sister Gloria from Manassas, Virginia was diagnosed with a clogged artery in her leg. She was contemplating surgery but she was fearful. She heard about the Lord doing miracles at Baltimore Christian Faith Center and she drove all the way from Virginia to two of our services. Upon arriving, the Word of Knowledge was given that the Lord was going to heal someone with a clogged artery. She immediately stood up, Pastor layed hands on her and prayed, and she states that as he prayed she felt a heat going through her body, especially in the back of her leg where it was clogged. By the end of the prayer, not only was her leg no longer swollen, she was breathing better and the soreness in the back of the leg had also disappeared. She went to her doctor to have him check her leg and he said that somehow the artery that was clogged is now clear and free! Glory to God!

Spine/Leg

Sister Yvonne from College Hill suffered from problems in her spine with constant back pain and pain in the nerves. A friend mentioned to her about the healings at BCFC. She attended one of our services and the Lord revealed that one of her legs was shorter. She was prayed for in the Name of Jesus with the prayer of faith. Now she reports that not only the spine pain is gone, but she is no longer dragging one leg because the leg grew to be the same size of the other leg! Hallelujah!

Spine

Sister Tanya drove from Philadelphia, Pennsylvania because she desperately needed a miracle for her spine. A friend had recommended that she attend BCFC, "the place that God is still doing miracles." She came and a Word of Knowledge came forward. She stood up, she was prayed for, and she was healed on the spot! She blesses the name of the Lord for her healing!

Lump

Sister Linda suffered with a lump for 11 years on the side of her belly. It kept growing until it became the size of an egg. When her doctor saw it, he wanted to do surgery but she refused because she was afraid of surgery and did not have health insurance. A friend gave her a flyer from BCFC with several miracle reports. She gathered courage and faith and drove from Philadelphia to BCFC. In that service the Lord gave the Word of Knowledge about people with lumps on the side of their belly. At first she was shy because she was not a member of the church, but then she gathered courage and stood up. She was prayed for with the prayer of faith while a Sister layed her hand on her belly. By the time they had said AMEN, the lump had disappeared completely! Hallelujah!

Tumors

Sister Sylvia and Sister Shawanda, were each diagnosed with a tumor in their belly. They had both suffered for years. They both attended a service at BCFC and a Word of Knowledge came that the Lord was going to heal tumors. They received the prayer of faith and when the prayer was done, the tumors immediately started disappearing. They each went back to their physicians and both of their physicians stated that the tumor was no longer there. They bless the Name of the Lord who still does miracles today!

Cartilage

Sister Wong from Silver Spring suffered from a cartilage problem for 21 years, suffering severe pain. Someone told her about the miracles happening at BCFC. She came to a service and a Word of Knowledge came forward about joints. She stood up for prayer and was healed on the spot! She started dancing that night, full of joy for her healing!

God still heals today!
