## **Closing Trachea**

Sister Alizata of Baltimore testifies that the Lord kept her alive when her trachea was closing. When she went to bed at night she couldn't tell how she would make it until the morning, but God allowed her to have just enough air. She was scheduled for surgery at GBMC, but when she got there the anesthesiologist would not put her to sleep after he discovered she had pneumonia last year. He told her she would need to have the procedure at Johns Hopkins with a different doctor because they had the necessary equipment there. The new doctor told her he could not do it for another week but when he told her that, she could not help her tears because she could hardly breathe and felt she couldn't go another day feeling that way. He then offered to do the procedure at 10 p.m. that night. She called Sister Francesca to tell her of the time and location. Sister Francesca called other Sisters at 10 p.m. and they prayed for 45 minutes while she was having the procedure. The whole time Sister Alizata professed Psalm 118:17 that she would not die, but live to proclaim the Word of the Lord. The surgery went well with no complications and she was able to breathe normally once it was over. She gives Him the praise, glory and honor for keeping her alive one more time! Always trust in Him – He is able to pull you through anything; nothing is too much to bring to Him. Praise the Lord for His goodness and His mercy endures forever!

## **Skin Cancer**

Sister Myra of Baltimore had a biopsy taken on her face. The doctor said it was cancer. She had Sister Maureen pray in agreement with her using Matthew 18:19. The results of the biopsy came back showing NO CANCER! Praise the Lord! God is so good!

**God still heals today!**

## **Safe Travel**

Sister Wendy always prays over her car for long distance trips or when she is late and in a hurry. On the weekend of June 11-12, she was in New Jersey. She decided not to travel back Sunday evening because she was too tired, so she left at 5 a.m. on Monday to return. On the way home, she experienced four incidents of dangerous driving very close to her: cars swerving, cars weaving at a speed of at least 10 miles per hour over the speed limit, a car changing lanes within yards of an intersection, and two trucks almost colliding! She was safe and believes that her prayers also protected those around her! Thank You, Jesus!

## Weather

Sister Bobbie of Silver Spring attended her Nephew's outdoor High School graduation with family members. Weather reports predicted rain and thunder storms during the ceremony. The school decided to have the graduation on Friday anyway. Crowds of loved ones and friends flooded the bleachers, umbrellas in hand. The rain began and folks huddled together under their umbrellas. A few minutes later an official stood at the microphone and announced that the graduates would come out 15 minutes late if the rain stops. Sister Bobbie looked around and thought, "What is wrong with this picture? We want these kids to graduate! Our Lord calmed the sea, just by speaking to it and He said believers can do greater things." Several times she commanded the rain and clouds to go back all around the school and not disrupt the graduation. Soon there was a break in the clouds with the sun popping through, but the rain continued slow and steady. She and her sister repeated, "In the Name of Jesus, I command you to go back!" Within minutes, not only did the rain stop, but everyone was cooled off from the sweltering heat, as well. The ceremony went on as planned. Praise the Lord, He never lets us down!

## Finances

Brother Deion recently graduated from High School and he testifies that the Lord has sent unexpected financial blessings! He received financial gifts from several people totaling \$325! He blesses the Lord for the miracles He has done for him! Hallelujah!

## Revelation

Sister Jenny had been praying Jeremiah 33:3 and as she fell asleep she felt the Lord began to show her sunrays beginning to open up like curtains to reveal something to her. When she woke up to use the bathroom, she felt that she missed seeing more! She shared with her friend who suggested to her that her spiritman had absorbed it completely and if necessary more would be revealed later! Hallelujah!
