### **Supernatural Healing**

Sister Cordelia, who is from Randallstown testifies of the goodness of God at her job. She has been caring for a stroke patient who was not able to walk, so he needed a lot of care. The doctors came in one day and told him they wanted him to walk in 4 weeks! The first thought was that it felt completely impossible. Then the patient looked at sister Cordelia and said, you are a child of God and since you work for Him, you will help me be able to walk in 4 weeks! Sister Cordelia cried out to God for help, wisdom and a miracle to be able to have this patient walking within the time the doctors gave him. Before the therapy sessions sister Cordelia and the patient would pray together and ask the Lord to

help them, and grant them this miracle in the name of Jesus and by the power of the blood. In 2 weeks this man was able to take a few steps on his own, and soon to the delight of the doctors, he was able to walk without using a cane for support!! Everyone who knew him, especially his family was shocked with the progress! Sister Cordelia gives all the glory and honor to Jesus, she knows it was His help and power that came down to manifest in her patient's body for him to be able to walk before 4 weeks! Halleluiah to the King of Kings and Lord of Lords, whose power and healing touch has NO LIMITS!

## *Happenings at BCFC*

### **SERVICES**

**Sunday Morning Worship -  
10 AM**

**Sunday Evening - 7 PM**

**1st Sunday  
additional service - 2 PM**

## Perfect Results

Several months ago, Sister Jenny received some urinalysis test reports that caused her doctor to want her to have an ultrasound of her bladder and kidneys. She decided to wait a while because she had so many other things going on and she really wasn't feeling any symptoms and the test results were not at an alarming level. Several months went by and Sister Jenny had an additional urinalysis test done and the original issue had become less of a problem but there was another result that caused the doctor to tell her to get the ultrasound right away. The soonest appointment she could get was at 7am on the next Saturday, or she would have to wait until well into July. She took the Saturday appointment. Everything about the ultrasound (location, people, etc.) was great. She asked the technician when she would see the report. The tech said that it would be read by a radiologist and placed into her online portal file by the end of the day, but only if the doctor who ordered the test allowed for the patient to see it before himself. Within only a few hours of getting home, Sister Jenny was checking her email and the results were in and there were no abnormalities or any concerns whatsoever! Hallelujah!! Thank you, Jesus!

## Supernatural Provision

Brother Ralph from Glen Burnie was struggling financially and when he was asked to go visit a relative several states away, he didn't know how he would be able to pay for the trip! He cried out to the Lord for supernatural provision in the name of Jesus, and the very next day a friend stopped by his house and told him that the Lord asked him to bless brother Ralph with a financial offering. They visited for some time, and after his friend left, brother Ralph looked to see how much the check was, and to his delight, it was the EXACT amount that he needed to make the trip! He is praising and glorifying the matchless name of Jesus, who came to his aid with a large financial blessing right on time! Praise the Lord!!!

## Deuteronomy 20:4

**For the Lord your God is He who goes with you to fight your enemies for you and to save you.**
