Cancer

Sister Julia of Baltimore testifies that she had gone to the doctor at Johns Hopkins for a check-up. The doctor told her that her eyes were very good but she wanted Sister Julia to get some reading glasses because she did not want her to strain her eyes. A small lump had come up under her eye lid but when the doctor checked it, she said it was probably a sty and for her to hold hot compresses on it. After a couple weeks the flesh started to hang from her left eye, a large scab had formed and she could not see. She called the doctor and was told that she does not do that kind of surgery and gave her the name of another surgeon. When this surgeon saw her eye, he was so upset that he turned and walked away and told his assistant to take a picture of her eye. He said, "It is cancer." Sister Julia also saw her Primary Care Doctor who said, "Julia, it is cancer." She attended a service at BCFC and a Word of Knowledge came forward that someone with eye disease would be healed. She stood up and was prayed for before the surgery. They ran several tests and no cancer was found. The doctor said he had never seen anything like this before – she was healed and she did not need to come back for a follow up! Praise the Lord!

Blood Clots

Sister Etta of Randallstown was under doctor's care for two blood clots in her ankles. She had two large orange-size lumps on her ankles that were very painful. Sister Etta had previously had eight strokes which left her seeking God in a different way. She attended a service at Baltimore Christian Faith Center and she was anointed and prayed for in the Name of Jesus. The Lord healed her immediately and the lumps disappeared! Glory to God!

Multiple Healings

Sister Eleanor gives God all the glory for several recent healings. At different services she attended at BCFC the Lord revealed a different type of illness she was experiencing; she stood up every time, was prayed for in the Name of Jesus and the Lord healed her immediately of each condition! She testifies that Jesus has healed her of heel pain, pain under her belly, bitter mouth in the morning, left knee and shoulder pain. She praises the Lord for His love and faithfulness! Thank You, Jesus!

Neck & Shoulder

Sister Ida of Baltimore had been experiencing neck and shoulder pain for six days. On the seventh day, after being anointed and prayed for with the scripture in Mark 16:18, the Lord moved in, healed her and stopped the pain immediately. She thanks God for His healing power!

God still heals today!

Anxiety

Brother Francis thanks the Lord for His greatness and mercy, and everyone in our congregation for their prayers for his son Andy. He testifies that Andy has moved to a better living place – a mansion outside of Westminster, and he is doing well and is calm and less hyper than before. He is thanking God who answers prayers and continues to confess that Andy will be totally free in the near future! Praise the Lord!

Education

Sister Rose of Randallstown reports that Pastor and his wife visited her at her house four years ago. She asked them to pray for her son Brian because he was refusing to go to school. They prayed and within a month he had gone back to school. Now he has graduated from a university and he has a Bachelor Degree in Physical Therapy! Blessed be the Name of the Lord that still answers prayer! Hallelujah!

Good Report

Brother Alvin of Baltimore praises the King of Kings and Lord of Lords for being his healer and deliverer. He had been feeling a pain on the left side of his belly and was scheduled to see the doctor for a physical examination on July 18. A Word of Knowledge came from the Lord that someone would be healed from a pain and a lump on the left side of the belly. Brother Alvin stood up and was prayed for in the Name of Jesus. He testifies that he was healed immediately! As he was examined by the physician she said, "You seem to be strong and healthy." He praises God, reads his Bible, walks in love and forgives people! He received a clean bill of health! Hallelujah!
