service at 2 PM

Tuesday Morning  
at 10:30 AM  
"How to keep your  
healing class"

Wednesday Evening  
at 7 PM

## *Dry Womb Restored!*

Sister Lisa from Ireland had been married for 16 years. Her and her husband desired to have a child but she could never get pregnant. Having made all medical tests known to science today, The Doctors discovered she had a small womb and could never get pregnant. In desperation, she decided to search the web for miracles in the womb. By divine appointment she

reached the BCFC website and started reading the testimonies and listening to the podcasts. She decided to call our office and ask for prayer. After doing some repentance for grudges against some family members she was prayed for in the name of Jesus. We never heard back from here until a month ago. She calls the office again to report that the Lord

had been favorable to her and answered our prayers and she now has a 6 month old baby boy! Now she praises the Lord for answering the prayers of the afflicted! Glory to God!

## *Throat Cancer Healed!*

During a Tuesday morning service "How to keep your Healing" a sister stood for prayer regarding a friend who was suffering from throat cancer and was no longer able to talk. In desperation, the ladies daughter called everyone she could think of and asked them to pray for her. She asked this sister from BCFC to ask her church to pray for her also. The Sister was

anointed and after a powerful prayer of healing, she claimed the healing and went home. A few days later she got a phone call and she did not recognize the voice and asked, "Who is this?" And the person said, "This is your friend who had throat cancer, I am healed and now able to talk!" She reported what happened, Tuesday she started coughing and felt like she was

choking, and as she was coughing the cancer came up in the form of a ball and she spit it out and that was the end of the cancer! God healed her that very moment all the way across the ocean in London!! When God's people believe and pray, miles across the ocean is easy for the healing power of our Lord!

## ***Knee Pain Gone!***

Sister Julia from Baltimore pulled a muscle in her knee, she was in a tremendous amount of pain, and could barely walk. Even though she was going through lots of pain and discomfort, she decided that she was coming to church knowing that God was bigger than her pain, when she came to church and entered the

sanctuary; she heard Sister Marcia praying for the church family and any new visitors that wanted to receive a touch from God. While Sister Marcia was still praying, the pain in her knee left instantly she went through the whole service pain free and she testifies that to this day the pain has never returned!

She is praising God for His healing power!!

## ***Salvation***

Sister Francisca from BCFC is a registered nurse and usually works a certain schedule. One day she decided to pick up a different shift due to the staff being shorthanded. As she was work a morning shift, (day she does not normally work) there was a patient in ICU that was dying. Sister Francisca asked the patient if she could pray for him, he

gladly consented. Then after a few minutes of sharing with him who Jesus is, Sister Francisca asked him if he wanted to accept Jesus Christ as his personal Savior and Lord of his life and the patient said "YES, I would love to!" After praying the sinner's prayer the patient laid back in peace, and the next day he passed away and went to be with

the Lord! Praise God for placing Sister Francisca exactly where He wanted her so that she could be used to save a lost soul for the Kingdom of Heaven right on time!!
