Supernatural Healing

Sister Marcia has a great niece, whose name is Adrianna and lives in Brazil. She had a tumor in one of her knees and cyst in the other knee. She went to the doctor for a checkup and to her dismay, he told her to make an appointment at the cancer hospital! What she thought would be an easy fix ended up to feel like her worse nightmare! She cried out to the Lord for healing and also asked Sister Marcia to pray for her. Meanwhile she made an appointment at the cancer hospital, but had to wait a few weeks before they could see her.

She started to lose weight from loss of appetite caused by the stress of her situation. BCFC started to really intercede for Sister Adrianna and they had

special prayer for her a few weeks at the ladies prayer meetings held on Saturday mornings.

After her appointment with the cancer doctor, she called with the good news, she did NOT have cancer! When the doctor saw her knees, he told her on quote "rest your heart, my dear, you do not have cancer!"

Sister Adrianna is praising the Ultimate Healer, King Jesus for coming through big time for her! Now all she needs to do is have the tumor and cyst removed and go on with her life, better than ever!

Halleluiah to a Savior who loves to heal and bless His children!

Perfectly Healed

Sister Shirley from Baltimore was suffering from serious pain in her back, so she made an appointment for a check-up. She needed to have immediate surgery as one of her discs had slipped out of place. During the surgery process the doctor cut an artery and she almost died! She slipped into a coma and the doctor gave her children little hope and told them that their mother would be a vegetable for the rest of her life! Her children got on their knees and interceded on behalf of their mother. Slowly sister Shirley got better and soon was out of the coma and able to sit up on her own. One year later as she was doing therapy, the pain in her neck got worse and worse so she made an appointment with another doctor and he found that one of the screws that had been put in for her surgery had broken and attached to her bone and the other one was loose! So sister Shirley had to go through another surgery!

And praise be to God, she now can move her neck and arms with NO PAIN!!

She is blessing the name of Jesus for having mercy in her situation and touching her with complete healing! Praise the name of our Lord, who is still in the healing business!!!

A Healthy Heart

Sister Janet from Windsor Mill was having chest pain off and on for some time, and one day they started to get worse with not much relief, so she went to the hospital to see what was going on. After taking all the tests they could to see what was going on with her heart, the doctors could find nothing wrong! There was no blockage anywhere and her arteries are totally healthy!

Sister Janet is so grateful to God for His wonderful mercy and everlasting goodness! The Lord also delivered her from the stress of trying to manage more responsibilities than she could handle. Praise the Name of Jesus, who loves to give His children rest and peace at all times!! Halleluiah!

Deuteronomy 20:4

For the Lord your God is He who goes with you to fight your enemies for you and to save you.
