House/Heels/ Asthma

Sister Vernadine of Gwynn Oak testifies that on December 23rd she moved into a brand new home that she knew she didn't qualify for but the real estate agent said she did. Sister Vernadine asked, "Who qualified me?" and the response was, "The Father!" Sister Vernadine immediately said, "Thank You, Jesus!" and began to praise His Name! Sister Vernadine had come out of a house that was 128 years old that had mold, mildew, rats and roaches that she could not keep clean. It was cold in the winter and hot in the summer! Her faith was in God that she would be delivered! She had two bad heels and the Lord healed them and she no longer uses a cane! Thank You, Jesus! She also was diagnosed with asthma but continued to trust in God. On July 7th she had some tests done on her lungs. Her doctor called her that the results came in and she had seven doctors review the results – they could not find any destruction to her lungs – no damage – and no asthma! Hallelujah, Jesus! Amen!

God still heals today!

Back/Arm/Neck

Sister Angela of Ellicott City recently attended a Sunday service at Baltimore Christian Faith Center. When she arrived, her back hurt and she was unable to move her right arm or turn her neck. She was planning to make a doctor's appointment on Monday to see what was causing these issues. Pastor said the Lord told him that he was not to start the service until he prayed for a person the Lord said would be healed within the hour. He asked the person to stand and Angela responded. She was anointed with oil and prayed for in the Name of Jesus. Five minutes later she was able to lift her right arm and turn her neck and all back pain was gone! She did not have to call a doctor on Monday – Jesus is the best doctor of all! Glory to God!

Good Reports

Sister Debra from Upper Marlboro praises God that she was healed of stomach problems while sitting in an evening service at BCFC!

Sister Yolanda also testifies that her hip was healed while attending an evening service at BCFC. Hallelujah!

Pneumonia

Sister Dorothy of Bethesda testifies that her father was rushed to the hospital in North Carolina with breathing problems on Friday and was told he had pneumonia. She prayed for her father and called BCFC for agreement in prayer. Pastor Marcia returned the call and left a voicemail prayer. Her father was released on Monday and the doctors could not explain his healing! Thank You, Jesus!

Pneumonia

Sister Sonia of Severn testifies that her mother had been rushed to the hospital with heart issues, pneumonia and breathing problems. Her mom received prayer in her hospital room and they played worship music softly for her. Sister Sonia also called BCFC for agreement in prayer with those praying at the hospital. Pastor Marcia returned the call and prayed with them by phone. The doctors were going to send her mother to hospice and said there was nothing further they could do if she was unable to breathe on her own. But God answers prayer! The next day after the prayers, her mother woke up on Mother's Day miraculously improved! Just recently she attended a service at BCFC to say "thank you for the prayers!" Hallelujah, Jesus!

Heart

Sister Maureen of Timonium was hospitalized in October, 2015 for a serious blood infection and she was placed on a medication to strengthen the heart muscle. Even though her heart had fully recovered before she was discharged, the cardiac doctor determined that the continuation of this medication was necessary to strengthen her heart to prevent future episodes. The dosage was decreased to a minimum over time, but there had been no mention of discontinuing it. Sister Maureen wanted to explore the possibility of being weaned off this medication entirely, but wanted the leading of the Holy Spirit to do it wisely. In early August, Pastor's message was exactly that: "God Wants to Heal and Strengthen Your Heart!" She knew it was time to ask the doctor about weaning her off the medication. The doctor agreed without any hesitation and she has now done it! Truly God is the strength and shield of our hearts forever and His timing in our lives is always perfect! Glory to God!
