Heavenly Healing

Sister Shirley from Baltimore attended a family reunion and amidst all the fun festivities one of her nephews fell with a seizure!

Instead of calling for an ambulance sister Shirley asked everyone to gather and have a prayer time for the young man. They prayed, believing the Lord to move in the name and by the power of the blood of Jesus to come through with a mighty healing miracle, and sure enough, this young man came out of the seizure, got up and was completely healed! He was able to enjoy the rest of the week free from any sickness, and no more attacks! Praise be to God for His Ultimate healing power!

Emotional Breakthrough

Sister Mary from Catonsville learned as a child from her father to build a shell around herself so that nothing or no one would hurt her. She became a Christian in high school but still had a shell around her heart and found it difficult to connect with her Savior, Jesus. She always longed for a closer walk and to feel the presence of God in her life. The Lord directed sister Mary to BCFC and since she started to attend the services regularly the shell around her heart has softened and now when she prays she can more readily sense God's presence which brings much comfort and joy to her heart! Thank you Jesus!!

Happenings at BCFC

are MIRACLE
Services**

See our complete list of upcoming guest speakers and musicians at www.BCFC.org on our "Special Events" page.

Kidney Stones Gone

Sister Julia from Baltimore was having serious back pain and after suffering a couple weeks she decided to make a doctor appointment to see what was going on. The doctor sent her for a few scans and the results showed that she had kidney stones, and that she would need surgery to have them removed!

Sister Julia was very upset with the news, and scheduled the appointment for 2 months later. Meantime, she attended a healing service at BCFC. When the call came to stand for prayer she stood and was anointed and prayed for. When she went back to the doctor for her scheduled appointment, they took more scans to confirm where the kidney stones were so they would get them all. The doctor brought the scan results back with great bewilderment and said "I don't know what happened, I have checked the scan over and over but I cannot find any stones!" Sister Julia informed him that she went to BCFC and received special prayer for her situation! The doctor is marveling at this miracle, and Sister Julia is praising the Lord for His amazing Healing power and love. She testifies, "His love cannot return void"! Amen, and all glory and honor belongs to the King of King and Lord of Lords!! Thank you Jesus!!

Triple Healing

Sister Janet from Windsor Mill had been healed from chest pains years ago, but due to the stress of caring for her mother of 102 years of age for almost 6 years, sister Janet started to experience chest pains again. By the time her mother went Home to be with the Lord, sister Janet was dealing with severe pain in her chest. One evening during the healing service she stood for prayer and the healing took place, but not all of the symptoms left. Then a visiting prophet came for a service at BCFC and sister Janet asked for special prayer and he prayed for her and the Lord revealed just what she needed and he prayed specifically for the painful flutter in her heart to be healed in the name of Jesus. From that moment on she has had NO MORE PAIN in her chest! The prophet also prayed for her ears to be cleared up and since that night, she has been able to hear the high and low tones much better! Sister Janet also had a bad habit of plucking out her eyelashes when she was dealing with stress since the time she was a teenager. One evening during the healing service at BCFC, she was anointed and prayed for. She claimed her healing in the name of Jesus and went home to sign in her prayer journal that the Lord healed her from this bad habit. And sister Janet has not plucked out an eyelash since that very date! She is thanking and praising God for His awesome mercy and deliverance power from an addiction of 60 years!!!!
Hallelujah!!
