

Baltimore Christian Faith Center Miracle Report October 2018

A Financial Miracle!

Brother Alex from Baltimore had numerous medical bills and the insurance company was giving him a hard time about giving the money. Brother Alex called multiple times to the insurance company but they didn't get back to him so he presented his case to The Lord and left it in His capable hands, and worried no longer! A week before the bills were due Brother Alex checked his bank account and the money they needed was there, not only could he pay all the bills, there was plenty left over for Brother Alex and his wife to enjoy! Praise God for always coming through for His children!!

Healing of Cancer!

Sister Linette from Baltimore took her brother to the hospital because he was having serious abdominal pain. The Doctors took tests and found a big mass in his stomach. After inspecting it they thought it looked cancerous so they sent it away for more testing. Sister Linette and her brother went home and prayed earnestly for the Lord to come through for them with a healing miracle and that no cancer would be found. A few days later the Doctor called with the great report, to their surprise there was NO cancer found! Sister Linette and her brother are thanking The Lord for this huge Miracle!! He is still in the healing business!

Healing of a Stiff Knee!

Sister Bessie walked into BCFC on Sunday, September 2 for the morning service totally normal, free of pain. As the morning service went on the muscles in her knee started to stiffen and swell. By the time service was over Sister Bessie's right knee had become so painful it was hard to walk. Sister Marcia had invited all the ladies from church to stay for an all-day Shabbat at BCFC and Sister Bessie was determined to stay and enjoy the presence of The Lord. At the 2:00pm service Sister Bessie stood for prayer and after she was anointed and prayed for she accepted her healing in Jesus' Name and no longer thought of the pain. At the 7pm service after the Testimonies were shared, Sister Bessie suddenly realized the pain in her knee was gone!! Pastor has been vehemently teaching the congregation on Job 33:23-25, (MSG) V. 25: "Before you know it, you're healed, the very picture of health." Sister Bessie was healed the very same day and didn't realize it until evening! All Glory belongs to God!! Halleluiah!!

Healed from Sinuses!

Sister June from Ellicott City was dealing with sinus congestion and a runny nose for a few weeks. She thought it was a spiritual attack, it would come and go. During a service at BCFC Sister June stood for prayer, and after being anointed and prayed for, within minutes all the symptoms were totally GONE! All praise and honor goes to our healer Jesus Christ!!

Saved from Death!

Sister Angela from Edgewood took her son, Christopher to the emergency room to be admitted after he suffered from an asthma attack. She came to a Wednesday night service and when the service was over Pastor had everyone stand in line that wanted prayer. Sister Angela stood in line for prayer for Christopher, who was still in the hospital in the ICU unit, because he had difficulty breathing. Sister Angela also asked the Sisters in the church to pray, for she had lost an older son who was the same age as Christopher. Sister Angela remembered the verse that Pastor often quotes, Nahom 1:9 "Affliction will not rise a second time." She claimed it over her life and her son, and today Christopher is completely healed!! Sister Angela is praising God for sparing her son from death!! Halleluiah to our Savior who hears and answers when His people pray!

Healed from Breast Cancer!

Sister Mary from Baltimore went to the Doctor for her yearly mammogram. During the procedure the Doctors found a shadow in her right breast. They wanted to do tests and see what was going on, they assumed it to be cancer. Sister Mary stood for prayer during one of the services at BCFC for complete healing in her breast. After being anointed and prayed for Sister Mary claimed the healing in Jesus' name. Two weeks later she went back to the Doctor for another mammogram, and to the Doctor's great surprise the shadow was GONE! Sister Mary is praising God for complete healing in the blood of Jesus!!!
