Prostate Cancer Healed!

Brother Byron from Jamaica was diagnosed with prostate cancer and the doctors said he had already reached the advanced stages. In an act of desperation he called all of his Christian friends asking for prayer. One of his friends had attended a service at BCFC and encouraged him to call. He called in and Pastor Santos answered the phone. They talked for a while and Brother Byron told Pastor Santos his life story and revealed that he was abused as a child by his stepfather. Pastor Santos led him in prayer and encouraged him to forgive his stepfather from all his wrong doings and accept forgiveness and healing from God. Brother Byron decided in his heart to forgive and let go of all the pain that he had held on to for so long regarding his stepfather and asked Jesus the Healer to heal him from cancer. Three days later he went to see the oncologist to discuss treatment, but after an examination the oncologist couldn't find a single cancer cell! Brother Byron glorifies the name of the Lord for He is a Miracle Working God!

Glory to God!

Lost & Found

Sister Bobbie & Brother David of Reisterstown drove to Winchester, VA where Sister Bobbie got a nap before she drove on to Charlotte to do a 12-hour shift at a hospital. David spent the night and son Steve joined him to do some things the next day. That morning David heard from Bobbie who had realized that she was missing her wallet with all her cards, ID and "all the other important stuff." She was ready to call all the places to report them lost and cancel her cards in case they would fall into the wrong hands, but David asked her to wait. He immediately got Steve to agree in prayer with him that her credit card wallet would be found and the contents would be protected; then he called her back and prayed the same with her and told her to get some sleep! About an hour later he received a call from GEICO; they had a man on the line that had found her wallet and they connected the call. The man was only one block away from where David was going to be arriving in about 5 minutes! When they met, David told him about the loss and the prayers and they rejoiced together in God's goodness! When Bobbie awoke from her sleep, she rejoiced also that what had been missing was now completely safe. Our God is faithful! Hallelujah!

Court Case Closed!

Sister Paula of Owings Mills had to appear before a Judge on the 17th of November. In the beginning of the year, she was pulled over by a police officer for a traffic violation. During the routine of a traffic stop, she was ticketed and the officer also fined her with other violations which required her to go to court and if found guilty, she would be incarcerated. Sister Paula decided to fast in the presence of God and some of the sisters of Baltimore Christian Faith Center also joined her. Sister Paula came to a Wednesday night Service at BCFC and one of the Elders and a Deacon of the Church came into agreement with Sister Paula with the laying of hands and prayer that the Judge would show favor on her behalf. The next day Sister Paula went to court, spoke to the Judge and pleaded her case. Not only did the Judge clear her of the charges which could have landed her in jail, the Judge also waived all the tickets and violations which in total would have cost more than \$1,000. She was found not guilty and walked out without any points on her license and no probation before judgement. The only thing she had to pay was the court fees! JESUS, THE KING OF KINGS, IS AN AWESOME GOD!!

Breast Cancer Healed!

Sister Teresa from Florida had been diagnosed with stage 3 breast cancer on both breasts. Doctors gave her no hope. She called one of our members asking for prayer and was encouraged by this member to call the church office so that she could be prayed for by Pastor Santos, Sister Marcia or one of the staff members. And she was assured that the Lord Jesus Christ the Healer would heal her. She called the church office, our Pastor prayed for her, she forgave the members of the family who had caused so much hurt and pain, and upon confession of her healing she was miraculously touched by the Lord. She returned to the doctors for a follow up feeling great and the doctors couldn't find any lumps on her breast and she walked out rejoicing for which she glorifies the name of the Lord Jesus Christ who is still healing today!
