

## November-December 2021

### Miraculous Healing

Sister Angela's mother had to have throat surgery, she stood for prayer on a Sunday morning service at BCFC before the surgery on behalf of her mother, and a word of knowledge came through that her mother would come through the surgery just fine, and there would be no complications.

When sister Angela went to see her mother after the surgery, she was shocked to see her mother's neck was very swollen, almost to the size of her head, and she was put into ICU with a respirator! The Scripture came to sister Angela, "Is any sick among you? Let him call for the elders of the church, and let them pray over him, anointing him with oil in the name of the

Lord. And the prayer of faith shall save the sick and they shall recover." James 5:14-15. Sister Angela stood in the gap again for her mother during the call for prayer and when she went to the hospital the specialist told her bad news and there was not much hope for her mother. Sister Angela stood in faith and held her mother's hand and prayed and declared healing and restoration. After 5 days of praying and believing in faith, her mother was able to leave the hospital with the swelling totally gone and she is breathing on her own perfectly! Both mother and daughter are rejoicing and praising the name of Jesus, who is the author and finisher of our faith!!

## Happenings at BCFC

are MIRACLE  
Services**

See our complete  
list of upcoming  
guest speakers  
and musicians at  
[www.BCFC.org](http://www.BCFC.org) on  
our "Special  
Events" page.

## Eye Healed

Sister Lakisha from Halethorpe shares the testimony of her brother, who went to the doctor for what he assumed was pink eye. Upon this visit, they told him to go to the ER immediately as this was not the case.

While at the ER they discovered he had a piece of metal in his eye and had to do minor surgery to remove it.

While this process was going on they took x-rays and discovered that he had additional issues that were a greater concern with pressure building behind both of his eyes affecting his optic nerve, and a dark matter of some kind. They wanted to do a CAT scan/MRI and a spinal tap. The doctor said he needed this done now because what they saw could cause him to go blind and this was time-sensitive. They said that it was amazing that he had not lost his vision so far with the issue that they saw.

When sister Lakisha received this news she immediately began to decree his total healing in Jesus' name. She also stood in the gap on Sunday as the leadership of the church prayed for his total healing.

Three days later he called her, giving God the glory for his healing. He said during his follow-up from the original eye surgery, they told him that it wasn't what they thought it originally was, concerning the pressure on his

eyes. The MRI confirmed this great news and there was no need for the CAT scan or spinal tap and he would not go blind! He is thanking God for the great outcome and sister Lakisha is celebrating the awesome outcome, that when we stand in faith, nothing is impossible for Jesus, our Healer! Hallelujah!!

## Restored Strength

Brother Arthur from Winands lost his balance and fell down a few steps, he went to the hospital and after getting checked out they discovered he had covid. He was admitted for a few days and when he returned home, brother Arthur felt shortness of breath and very weak. He went back to the hospital and they diagnosed him with diabetes and PE! He called BCFC and asked for prayer and even though it took 4 weeks for him to regain full strength, brother Arthur is praising the Magnificent, Matchless name of Jesus, who is still healing today!!

## Deuteronomy 20:4

**For the Lord your God is He who goes with you to fight your enemies for you and to save you.**
