Stomach Healed!

Sister Shanna testifies that she had been diagnosed some time ago with a very severe stomach disease. She had been on medication for a long time without any relief. The pain grew stronger and no medication they tried could ease her misery. A friend mentioned to her that Jesus continues to heal at Baltimore Christian Faith Center. So she attended a service at BCFC and the first word of Knowledge that came forth was that the Lord would heal someone with a chronic stomach and intestinal problem. She stood up immediately and was prayed for by the Pastor and his wife and she reports that she was instantly healed by the power of Jesus Christ. She further reports that a month and a half has gone by without any pain whatsoever and no medications! Her doctor cannot explain what happened but she knows who did it and she blesses His Holy Name for still healing His people!

Rheumatoid Arthritis

Sister Kimble from Canada called BCFC because she had pain in all her bones and joints. She had tried several physicians but nobody could tell what was wrong with her. When her joints started swelling, she was told it was rheumatoid arthritis. They also told her that there is no cure and she would have to learn to live with it. A friend who had been to a service here on one occasion recommended that she call BCFC. She did and the Lord revealed that the cause of the pain was an unconfessed sin of rage and unforgiveness. Upon confessing that sin from many years back, she started to feel relief and a burning sensation went through her body. She called again three months later to testify that all the aches, swelling and pain have been gone since the day of that prayer! She has not taken medication for three months and she has never felt as good as she does now. She blesses the Name of the Lord for forgiveness and for her healing!

Glory to God!

Pain & Stiffness

Sister Ida of Baltimore recently took a hard fall that caused her excruciating pain and stiffness. Her daughter wanted her to go to the doctor, but she refused. She put her trust in God and stood on Mark 16:7&18 and she layed hands on herself. She came to church and had no pain and the entire service she was pain free! Hallelujah!

Pain in Esophagus

Sister Myra used to be Buddhist before she came to Christ about 10 years ago. Since she left Buddhism she had had an ache in her esophagus area and everything she ate harmed her. Doctors did not know what the problem was because they could find no cause. She was in misery and came to one of our services. When Sister Marcia layed hands on her, cursing out a spirit of Buddhism without knowing that she had been a Buddhist before, she screamed in a loud voice and started feeling better. She walked outside and vomited and from that day forth she never felt any pain again in her stomach and esophagus area. She renounced every allegiance to Buddhism and has been totally healed. She testifies that she can now eat anything and everything and nothing is hurting her! Thank You, Jesus!

MERRY CHRISTMAS

Foot Fracture

Sister Alizata of Baltimore woke up one morning with severe pain in her foot. She went to see a doctor, who told her that her foot had been fractured. As a result of the pain, she was unable to walk for two weeks. She called Sister Marcia Santos for prayer and they agreed about her healing, trusting the Lord for her miracle, knowing that the Lord always comes through! The Word of God never fails and she stood on Isaiah 53:5 and Matthew 8:17. Now she is pain free and walking normal again. She praises the Lord for what He has done in her foot! Hallelujah!
