Eyes Healed

Sister June from Ellicott City was reminded that so often we call for healing when there is pain or a bad doctor's report, but we often accept and ignore the symptoms that are simply or mildly annoying. She began declaring she has the eyes of Christ and expected God would make her more patient with people or enable her to see others as God sees them. Instead, He removed the numerous floaters in her eyes that increased over the past 20 years and had become a source of annoyance and concern. While she did not think to ask God to heal her eyes, it is obvious He knows what we need and what is good for us. As His children, He delights in delighting and surprising us! All thanks and glory goes to Jesus, our Healer!

Joy and Peace Restored

Sister Shirley from Randallstown was upset about a few things that took place in her life and she was so focused on the situations that she starting to lose her joy and peace. Sister Shirley testifies that as she began to read the Word of God, joy and peace were restored to her! She focused more on God and His powerful, unfailing Word and her circumstances did not seem so bad! Praise the Lord for always renewing hearts and minds when we humbly and totally submit ourselves to Him! He is faithful! Blessed be His holy name!

Spiritual Warfare

A few weeks ago, Sister Teresina from Baltimore was going through intense spiritual warfare. When she would pick up her Bible to read, the devil would attack her eyes and head, giving her blurred vision. When she would lift her hands in worship they would ache, when she knelt to pray, her knees hurt! She wasn't even able to eat, and her husband had to take off of work to help her out. They were out walking the streets of Baltimore and she fainted! Her husband rebuked the devil and she was able to get up and walk home. Sister Teresina came to a Wednesday evening service for prayer.

After being anointed with oil and prayed for she felt better, and when she got home she was able to eat a bowl of fruit! The next day she could eat solid foods and the pain left! She testifies that in the midst of her pain and attacks, there was such amazing heat in different parts of her body. She feels it was Jesus reminding her that His promise is true and He will never forsake or leave her, He will be with her until the end of time! And that is true for any child of the God, there are no orphans in the kingdom of God! Praise be to His Marvelous and Holy name, He always comes through for His children! Amen!

Money Restored

Sister Irene of Baltimore testified that, on Tuesday, August 26th, she had a large amount of money withdrawn from her account, without her consent, by someone unknown to her. The following day she sent this person an email and said: *"I don't know you and I don't think you know me either. Wherever you are and whatever you are doing, just know that you have hurt a child of the Most High God. If you still have the money, please put it back into my account. Vengeance is not mine and I leave it to God to take on this problem for me. He is my avenger."* Within an hour, this man responded to my email and said: *"In God's Name, please forgive me, it occurred by error and I have even instructed the Pay Pal Customer Service to reverse the transaction. You will get the money back before the end of the day. Peace be with you and I will pray that such an incident does not happen to you again."* Sister Irene reports that she got the money back into her account before the end of the day. Praise God!
