

Catch up on Your Blessing, It's Been Waiting on You!

Monthly Newsletter – April 2018

Many of the wonderful promises of God for us have been written in the past tense, and many of us may not even realize it! Listen to them: **Eph 1:3**; "All praise to God, the Father of our Lord Jesus Christ, who has **blessed** us with every spiritual blessing". **1Peter 2:24**; "By His wounds **you have been healed**". **Col 2:10**; "And God has **made you complete** in Christ". And in **Psalms 5:12**, "I have **surrounded you** with favor as a shield." I could go on and on! These verses have been written in the past tense like it has already happened. One may wonder and ask, "why haven't I yet experienced those past tense blessings?" Could it be that we need to do our part and get into agreement with God? We may not necessarily feel blessed or favored, we may not feel complete in our love life, or career! A lot of things may be coming against our finances, against our health and even our families! Deep inside, as we read this, our mind may be telling us, "this is not for me!"

I would challenge you and I to change our thinking and be bold enough to declare: "if God says that I am blessed, I am blessed! If he says I am surrounded with favor, I am! If He says I have been made complete, I am; end of story!" Maybe right now your checkbook does not say you are blessed, but you are! The medical report might not say you're blessed with health and healing, but God says you are! When we get into agreement with God and start declaring God's spoken promises upon our lives over and over again, our mind and spirit will follow our declarations. Agreeing with God allows Him to release the promises that already have our names on it.

We can call them out of the unseen realm into our natural realm as Paul said in **Romans 4:17**. I declare right now that you are surrounded with favor, not necessity. Get into agreement with God by declaring the blessings that have already been spoken on your behalf! You may be a little upset now asking: “how do I tap into all these promises?” Start acting like you are already blessed, already healed, and already complete! Walk, think, and talk like a blessed child of God, and you will be surprised with what God will manifest in your life! Catch up with your blessings, they have been waiting on you!

In Him,
Pastor Paul Santos
