

When Little is Good Pastor's Desk – January 30, 2022

There are a few cases in life when little, is good. Take for example the words of Jesus in Matthew 17:20. **"If you have faith as a grain of mustard seed, you shall say unto this mountain, remove hence to yonder and it shall remove; and nothing shall be impossible to you."** A mustard seed as we all know is very small. Yet, Jesus said that it is the size of faith we need to have, in order to move mountains. It is not very much at all!

When things get very rough in life, we make the mistake of putting limitations on God. We look at situations and think, "How in the world will I ever get out of this!" Or we may say, "I can't see how this will work out!" Most of the time, it is because we can't figure things out and we may even unconsciously think that God can't figure it out either.

We limit God in the very same way when it comes to our divine healing. It shouldn't be hard for us to receive our healing. We know God heals cancer, and every other incurable disease. How far medical science has advanced has no bearing on what our Jesus can, and will, do. He is not bound by mankind's limitations and boundaries. We read in Luke 18:27 that what is impossible with man, is possible with God.

So, what do we do? We need to get ourselves out of the equation and simply have faith in God. Have faith in God! He spoke, and things happened! At the end of the day that's the only thing that will please Him. Get that little faith of yours into gear, even if it is a teeny tiny faith because that is what you need to get your miracle (to move the mountain) and please God as well.

Paul Santos
